## MISSION STATEMENT

At Thermal Hire Australia we are committed to the following:

- Continually respond to changing requirements in the environment, industry and the community to the benefit of our Clients.
- Achieve an outstanding safety record, our safety goal is zero harm. We will aspire to create a workplace that is injury and incident free.
- Continuously update technology, team performance, quality and cost effectiveness.
- We have a thorough respect for the natural environment and will use appropriate Environmental Impact requirements as a minimum standard.
- By employing the best people available to us will create a greater scope of services, and manage growth by building on our experience and expertise without compromising any of our standards.
- Enhance the working life of all of our employees, creating a culture which will encourage total involvement from all employed at Thermal Hire.
- Our integrity is to be maintained to the highest degree in accordance to our client's wishes.

Stephen Hinchliffe  
Managing Director
